* Greetings

I am Rehman Ahmad, a graduate of The Islamia University of Bahawalpur (IUB) with a practical diploma in Graphic Designing & Microsoft Office Professional from Punjab Vocational Training Council Bahawalpur (PVTC). Currently, I hold the roles of a web developer and Social Media Marketing Manager at Fronus Solar Energy since June 2023. Prior to this, I served as a Social Media Manager at Nai Baat Media Network from December 2022 to August 2023. Additionally, I contributed my skills as a Graphic Designer and Video Editor at Raham TV from 2018 to 2022. My professional journey revolves around apps like Adobe Illustrator, Photoshop, Xd, InDesign, Premier Pro, Figma, and various other essential software for web development. With over 4+ years of hands-on experience, I possess an innate attention to detail and a keen focus on creating exceptional graphic experiences.

Objective *

In pursuit of a fulfilling, long-term career, I aspire to channelize my extensive educational background, honed professional expertise, and a deep sense of responsibility towards not only expanding my own horizons but also contributing to the holistic growth of the organization I am privileged to be a part of. This, I believe, will serve as a catalyst for the dynamic evolution of my career journey.
